

A background image showing a group of young children in a classroom setting. One child in the foreground is holding a pencil and looking towards the camera. The image is overlaid with a semi-transparent blue filter.

Board Leaders Focus on Matters to Student Outcomes

We help inspiring school boards, superintendents, and school system leaders use research-based practices to improve student outcomes for the communities they serve.

How We Help School Boards and Education

Leaders Achieve More

School Board Leadership Workshop

We come directly to your school board with our mindset workshop designed to transform your school board's efforts to improve student results.

Easy - To - Understand School System Analysis

Skip the long reports! We provide easy-to-understand and actionable recommendations to improve student results based on our root cause rubric.

Powerful School Board Framework

We coach your board to successfully implement the five tenets of our school board framework: vision, unity, structure, accountability, and advocacy.

Board Leader State Certification

School boards, legislators,

Build Your Leadership Network

We coach and network with

Train the Trainer

If you would like to deploy our program across a large number of

community members, and other leaders attending our school board workshop earn official state certification.

school board and education leaders all over the nation and internationally. We help you network with these leaders on your journey to help the students and communities you serve.

school boards or organizations we will train your own trainers.

See a school board be transformed!

School board workshops are happening across Texas and are open to registered visitors.
