- 9.  - c) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment.

17. Additional Pay – for example, a local educational agency (LEA) might use local ESSER funds to provide employees with additional pay to: address recruitment or retention challenges in light of the pandemic; provide additional compensation to teachers and other staff that work in-person; provide additional compensation to teachers and other staff that have assumed new duties because of COVID; incentivize effective teachers to move to schools with vulnerable students that have been disproportionately impacted by the pandemic, or provide additional pay to substitute teachers where there is a shortage. Other pay strategies could also be permissible if the LEA can connect the strategy to issues resulting from COVID-19.

- 18. Transportation An LEA could use local ESSER funds for a variety of transportation costs like running additional bus routes with fewer students to permit physical distancing and where appropriate, reimbursing families for mileage expense, if families provide transportation.
- 19. High Quality Instructional Materials and Curricula and Related Professional Development for example, an LEA could use local ESSER funds to purchase a new, evidence-based K-2 reading curriculum districtwide and related professional development to address unfinished learning and accelerate early literacy skills; districtwide curriculum with both online and in-person options; additional materials and teacher training to implement Advanced Placement (AP) classes in schools, and where necessary provide additional support so that all students, particularly vulnerable students, can access and succeed in AP classes, social and emotional learning programs; Multi-Tier System of Support (MTSS) materials, such as Tier 2 and Tier 3 interventions aligned to strong Tier 1 curriculum, as well as related screening tools; and career and technical education programming.

- 20. Acquisition of Real Property or Modular Classrooms an LEA could use local ESSER funds to acquire real property or modular classrooms if needed to respond to COVID-19. For example, additional space might help an LEA to re-open schools in-person consistent with CDC guidelines.
- 21. Construction and Renovation ESSER funds can be used for construction and renovation costs when reasonable and necessary to prevent, prepare for, and respond to the COVID-19 pandemic. For example, an LEA might use ESSER local funds to undertake construction or renovation to help an LEA to clean effectively, like bringing an unused wing of a school into compliance with fire and safety codes to create more space.
- 22. Budgetary Shortfalls ESSER local funds can be used to assist with budget shortfalls resulting from the pandemic. Specifically, as with all uses of ESSER I or II funds, a proposed use of funds must be "to prevent, prepare for, and respond to" COVID-19. This Means that ESSER funds may be used to bridge budget shortfalls if the deficit is related to the coronavirus and the ESSER funds are needed for education-related expenses.
