## RESOLUTIONS REPORT

You can find the recommendations of the 2023 GAC by scanning the QR code or obtaining the printed report at the registration table.

If your board votes to bring a resolution to the convention floor for consideration by the Delegate Assembly, the following process must be followed:

1. Have 400 copies of your resolution ready to distribute at the close of the first Business Session on Thursday afternoon.
2. At the second Business Session on Friday afternoon, the chair will ask if there are resolutions that were distributed on Thursday. At that time, a delegate from your board must come to the microphone and move the resolution. A delegate from a different board must make the second.
3. Once a motion and second have been made, your resolution will be discussed and voted on by the Delegate Assembly.

The 2023 Annual Reports, the 2022-23 Balance Sheets, and 2023-24 NDSBA Approved Budget can be found by scanning the QR code and are available in print at the registration table.

# GREETINGS FROM NDSBA'S PRESIDENT

Thank you for allowing me to serve as NDSBA president. The 2022-23 year had its challenging decisions, but it was full of progress, and I am grateful to have served amongst all of you.

The NDSBA staff has put together another great convention with many sessions covering important issues our school boards face. As we gather at the 2023 Annual Convention, the resources provided to us are a great opportunity to learn and make your school district the best it can be.

The extensive services that NDSBA provides, including policy services, legal services, superintendent search, business manager certification program, boardmanship training, and more, continue to be valuable resources for our districts, and I encourage you all to take advantage of them.

It is an honor to welcome you on behalf of the NDSBA Board of Directors and staff to the 2023 Annual Convention, and we appreciate you taking the time to be here. Let us continue to strive for the next generations' success within our districts and our state. Thank you and have a great convention!

*Patti Stedman, NDSBA President*

## WELCOME FROM NDSBA'S EXECUTIVE DIRECTOR

2022-23 was a great year, and we are looking forward to an even better 2024!

Lexie Bergstrom joined NDSBA in December of 2022 year and has been a great addition to the team. She has spent the last 10 months learning all about school law, policies, and school boards. Lexie serves as a staff attorney for NDSBA, and her focus is largely on our Policy Services program. If you haven't gotten a chance to meet or speak with her yet, don't hesitate to introduce yourself this week or give her a call.

In June 2023, the NDSBA Board of Directors voted to rejoin the National School Boards Association and to join the newly formed Consortium of State School Board Associations (COSSBA). While we do not anticipate maintaining both memberships in perpetuity, we did feel a loss of resources that better enabled us to serve North Dakota school boards without a national affiliation. It is our hope to continue to evaluate both organizations over the next year to determine which might be the best fit for NDSBA and our members long-term. Both organizations will hold national conferences for local school board members in the spring of 2024 (you'll be able to find information about both in upcoming Bulletins). If you attend either of these events, please reach out to me or any member of the NDSBA Board of Directors to share feedback on your experiences.

We are pleased to continue partnering with the North Dakota School Business Managers Association to offer professional development for school business managers. After receiving feedback from business managers, we have opted to move the annual graduation ceremony from June to the Annual Convention. We are excited to honor these hard-working business managers in front of a much larger crowd; we will celebrate six new graduates of the program and an additional 14 recertified business managers during Thursday's business session.

We are preparing to launch a number of new programs in the upcoming year – stay tuned to hear more about our Business Manager Onboarding Service, Business Manager Mentoring, School Board Candidate School (official name forthcoming), and a redesigned website with a better user experience in mind.

As always, please don't hesitate to call the office for assistance with your legal, policy, and boardmanship questions. I enjoy learning about what is happening in your districts, and we are here to serve you. Thanks to our state board members and to each of you for your commitment and service to your local school board! Have a great convention!

*Alexis Baxley, NDSBA Executive Director*
